Lessons Learned from the Evacuation and Care of Afghan Civilians

Tuesday, 04 Jan 2022 1800-1900 EST

Who: CAPT Tangeneare Singh USPHS, LTC Jason Blaylock USA, & CPT Sandy Glassberg USA

What: Learn from a panel of psychiatric and medical leaders about the special clinical and administrative considerations needed to care for the recently evacuated Afghan citizens. This topic aims to highlight unique aspects of military psychiatry that exist outside routine patient care.

AGENDA

1800-1810: Panel Introduction

1810-1830: Guided panel discussion

1830-1900: Interactive question & answer
